

LEVOLOR®

LXT2000 Vertical Blind

An economical yet heavy duty cord stack headrail system ideal for commercial applications.

PRODUCT SPECIFICATIONS

For more detailed specifications, please reference the LXT2000 Product Guide specifications.

Part II – Products

A. Levolor LXT2000 Vertical Blind manufactured by Levolor

B. Limited lifetime warranty

C. Materials:

- Headrail** shall be of anodized extruded aluminum 1 $\frac{3}{16}$ " wide x 1 $\frac{1}{16}$ " high. Headrail finish shall be clear anodized aluminum.
- Carriers** shall be made of Delrin® or equal and shall traverse on Delrin wheels. Each carrier shall be nominally $\frac{3}{16}$ " wide for minimal stack.
- Rotation Control** shall consist of a #6 nickel-plated bead chain to synchronize and actuate 360 degree rotation.
- Traversing Control** shall allow blinds to traverse left to right, right to left or split. Blinds shall traverse by means of a non-stretch traverse cord traveling along smooth surfaces.
- Installation Brackets** shall be provided for recessed installation using the following:
 - a. Thumb clamps.
 - b. Angle brackets.
- Vanes** shall be (select one):
 - a. Extruded PVC nominally 3 $\frac{1}{2}$ " wide.
 - b. Fabric nominally 3 $\frac{1}{2}$ " wide.

PRODUCT OVERVIEW

When a rugged yet economical headrail system is specified for a heavy duty commercial installation, Levolor's LXT2000 headrail system is a good choice. The LXT2000 has smooth cord traverse function and 360° rotation.

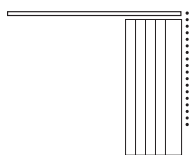

For design flexibility, the side stack is not more than $\frac{1}{16}$ " per vane. Vane carriers are symmetrically centered which enables the draw and rotation controls to be reversed in the field. In addition, stacking can be one-way draw, or split draw. The LXT2000 is available with top headrail only.

The LXT2000 Headrail System is compatible with Levolor's entire line of vinyl, vinyl with fabric insert, embossed, laminated and fabric vanes.

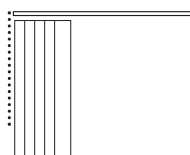

The AutoWand feature eliminates dangling cords and chains, providing safe and smooth operation.

- One-control convenience - vanes are rotated and traversed with a wand
- Streamlined appearance
- Increases safety
- Can be ordered with One Way Left, One Way Right, or Split Stack with Left or Right controls
- Available in White (80001) and Ivory (80004)

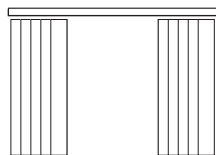

Control and Stack Options

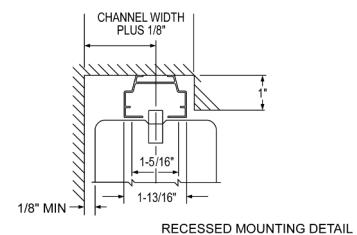

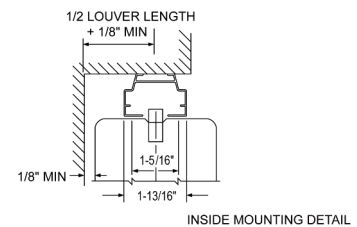

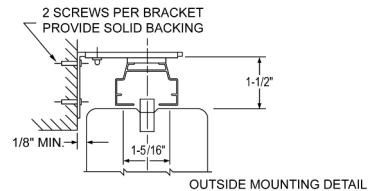

One Way Right
Right Stack
Controls Right

One Way Left
Right Stack
Controls Left

Split Stack,
controls left or right

Note: Lift-out headrail shown in all diagrams.
